The school has a Spanish Course, of 6ECTS, for Erasmus students. This course is a basic course (between A2 and B1). There is one course in each semester. Student for Full Year mobility could held one or both courses.

After enrolling, you have a **trial period** of two weeks to decide if the subject meets your expectations, level, etc. There is a limited number of erasmus students who can enrol in a subject, depending of the teacher and the subject. That's why we use the signature sheet. It is a paper that the teachers must sign if you want to attend the class.

After this period you will enroll as student at the school and you couldn't change any subject.

The following refers to our selection process criteria:

- Quality of portfolio 70%
- Reciprocal Exchange of students from EASD with the same foreign school 15%
- Spanish knowledge 15%
